S. C. R. No. 89, Commending Battleship Texas Commission and Karl Hoblitzelle.

Whereas, The Battleship Texas, which was berthed at San Jacinto Battlegrounds near Houston with appropriate ceremony on April 21, 1948, has become a national shrine, having attracted more than two million visitors since that date; and

Whereas, The people of Texas contributed \$80,000 to bring home the gallant old ship; and

Whereas, More than half of this sum was raised through the good offices of the Interstate Theatres and of Karl Hoblitzelle, and through the Motion Picture Industry in Texas by showing a short on the Battleship Texas, starring Linda Darnell and Dana Andrews, both Texans; and

Whereas, It is planned to set aside a cabin in the Battleship Texas to record properly and recognize the

great contributions made by Karl Hoblitzelle, the Interstate Theatres and the Motion Picture Industry generally; and

Whereas, It is a matter of record that several thousand young Texans have joined the Navy after having paid a visit to the Battleship Texas; and

Whereas, The Battleship Texas has been maintained solely through admissions without a penny of State or Federal aid under the management of the Battleship Texas Commission and its able Chairman, Lloyd Gregory; and

Whereas, That this session of the Legislature commend the administration of Lloyd Gregory as Chairman of the Battleship Texas Commission and other members of the Commission; and

Whereas, Since the State of Texas is the only state to save from the scrapheap a battleship in whose honor a ship was named, that the people of Texas in general be applauded for the patriotism behind their contributions toward saving the Battleship Texas; Now, therefore, be it

Resolved, That the Senate of Texas, the House of Representatives concurring, approve and applaud plans being made to memorialize the great contributions made by Karl Hoblitzelle, by Interstate Theatres and by the Motion Picture Industry in bringing home the Battleship Texas.

divert waters released from storage and designated for downstream uses; authorizing the Board of Water Engineers to promulgate and enforce rules and orders to effectuate the provisions of this Act; providing for the manner of adopting such rules and orders; authorizing appeals from Board rules and orders; providing that vested rights shall not be affected; provided that pending litigation shall not be affected; providing for penalties for violation; providing a savings clause; and declaring an emergency."

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. When stored storm and flood waters are released from a reservoir or dam on an international stream and such waters are designated for use or storage downstream by a specified user legally entitled to receive such water, it shall be unlawful for anyone without legal rights to store, divert, appropriate, use or otherwise interfere with the passage of the waters that are designated for downstream use or storage. The Board of Water Engineers is hereby authorized and empowered to adopt and enforce rules, regulations and orders to effectuate the provisions of this Act and to avoid the unlawful taking of water in transit; provided that nothing in this Act shall in anywise affect any pending litigation involving the waters of any international stream. Such rules, regulations and orders may:

(a) Establish an orderly system for water releases and diversions so as to protect vested rights and to avoid the loss of water released from storage for downstream use;

(b) Prescribe the time that such releases of water may begin and end;

(c) Determine the proportionate quantities of the released waters in transit and the waters that would have been flowing in the stream without the addition of the released waters;

(d) Require each owner or operator of a dam and reservoir on the stream between the point of release and the point of destination to allow the free passage through the dam and reservoir of all such released waters in transit;

(e) Establish such other requirements as may be necessary in the

opinion of the Board to effectuate the purposes of this Act.

The rules and regulations promulgated by the Board shall be adopted and may be enforced in accordance with Article 7531, Revised Civil Statutes of Texas, 1925, as amended by Section 1, Chapter 356, Acts of the 53rd Legislature, 1953. Orders adopted by the Board to implement and effectuate the rules and regulations that may be promulgated pursuant to the provisions of this Act shall require no publication in the manner set forth in said Article 7531; provided, however, that a copy of any such Board order shall be mailed by certified mail to each diverter of water and reservoir owner on the stream between the point of release and the point of destination of the released water, as shown by the records of the Board.

Appeals from any rule, regulation or order of the Board shall be in the manner provided for other appeals of Board decisions by Section 1, Chapter 357, Acts of the 53rd Legislature, 1953, codified as Article 7477. To enforce its rules, regulations and orders, the Board is authorized and empowered to proceed in the manner provided by Article 7550 of the Revised Civil Statutes of Texas, 1925, and by Article 7531 of the Revised Civil Statutes of Texas, 1925, as amended. Provided that nothing herein shall be construed to in anywise affect, diminish or enhance any vested rights including riparian rights.

Sec. 2. Anyone violating the provisions of this Act shall be guilty of the same offense and shall be subject to the same penalty as provided by Article 7549 of the Revised Civil Statutes of Texas, 1925, and by Article 839 of the Texas Penal Code.

Sec. 3. If any article, section, sentence, clause or phrase of this Act is for any reason held to be unconstitutional, such invalid portion shall not affect the validity of the remaining portions of this Act. The Legislature hereby declares that it would have passed the valid portions of this Act irrespective of the fact that any one or more portions may be declared unconstitutional.

Sec. 4. The need to establish an orderly system for releasing water from storage and for assuring its delivery to those below for whom it is destined, and the public importance of this legislation, create an emergency

and an imperative public necessity that the Constitutional Rule requiring bills to be read on three several days in each House be and the same is hereby suspended; and this Act shall take effect and be in full force from and after its passage, and it is so enacted.

Senate Concurrent Resolution 90

Senator Aikin offered the following resolution:

S. C. R. No. 90, Enrolling Clerk to make certain corrections in S. B. No. 303.

Whereas, Senate Bill No. 303 has been returned from the Governor's Office and is now in the Engrossing and Enrolling Room of the Senate; and

Whereas, It has been discovered that entire Section 40 is incorrect and should be as follows:

"Section 40. Time of Taking Effect.

For the purpose of the appointment of and for the purpose of control and management of the Gatesville State School, the Gainesville State School, and the Crockett State School, the members of the Youth Council and of the organization of the Youth Council, this Act shall take effect on September 1, 1957; for the purpose of the transfer of the control and management of the Corsicana State Home, the Texas Blind, Deaf and Orphan School, and the Waco State Home, this Act shall take effect on September 1, 1957."

Now, therefore, be it resolved, By the Senate of the State of Texas, the House of Representatives concurring, that the Enrolling Clerk be authorized to make said corrections in said Senate Bill No. 303.

The resolution was read.

On motion of Senator Aikin and by unanimous consent the resolution was considered immediately and was adopted.

Senate Concurrent Resolution 91

Senator Owen offered the following resolution:

S. C. R. No. 91, Memorializing Congress relating to Sovereignty of States regarding to natural resources.

Whereas, The Tenth Amendment to the Constitution of the United States reserves to the States respectively, or to the people, powers not delegated to

the United States by the Constitution nor prohibited by it to the States; and

Whereas, The Congress of the United States has on numerous occasions expressed its intention that Federal programs should not interfere with state operation; and

Whereas, Regulation of the conservation and production of the natural resources within this State is nowhere granted to the Federal Government in the Constitution, nor is such regulation prohibited therein to the States; and

Whereas, By its decision in *Phillips Petroleum Company v. Wisconsin*, 347 U. S. 672, its decision in *Federal Power Commission v. Oregon*, 349 U. S. 435 and many other decisions by the Supreme Court and the administrative agencies of the Federal Government, the activities of individual states with respect to the power to conserve and regulate their natural resources have been curtailed and great doubt and uncertainty have been cast upon the rights of the several States in this connection; and

Whereas, The State of Texas has at no time delegated to the Federal Government its right to regulate the conservation and production of the natural resources of this State believing that the imposition of Federal controls would greatly impair the proper development of this State's natural resources; on the contrary, by retaining all its public lands, in the Treaty of Annexation Texas indicated a clear intent to protect all its interest, title and rights; and

Whereas, It is the scheme of a strong and powerful centralized government to further encroach upon the Sovereignty of the States as evidenced by the veto of legislation returning unto the States its rights to the regulation of its natural resources, by both former President, Harry S. Truman and present President, Dwight D. Eisenhower; and it appears that the attitude of the present administration is even weaker at this time in regard to the relinquishment of an assumed power of the regulation over the respective States resources; and

Whereas, The time has come for the State of Texas together with other States of the Union to stand and combat this unwarranted invasion of its rights in order to best protect the heritage of a free peoples; and

Whereas, The very nature of the basic compact is that the ratifying

States have agreed voluntarily to surrender certain of their sovereign rights to the Federal Government and that all powers not delegated to the United States by the Constitution have been reserved to the States or to the people; and

Whereas, The Legislature of the State of Texas does hereby express a determined resolution to maintain and defend the Constitution of the United States and the Constitution of this State against attempts to undermine the fundamental principles in our basic laws by which the sovereignty of the States has been protected and assured; and

Whereas, The Legislature of the State of Texas contends that the right and authority to conserve and regulate the exploration, production and distribution of its petroleum products, water, sulphur and all other minerals and natural resources is a governmental power reserved to the States; now, therefore, be it

Resolved, By the Senate of the 55th Legislature of Texas, the House of Representatives concurring, that the Legislature of the State of Texas appeals to her sister States for that decision which only they are qualified under our mutual compact to make, requesting them to join her in making proper application to the Congress, which application is made on Texas' part hereby for the purpose of calling a convention pursuant to Article V of the Constitution which convention would consider and propose an amendment granting the power to the several or individual states the right to conserve and regulate the exploration, production and distribution of their petroleum products, water, sulphur and all other minerals and natural resources; and, be it further

Resolved, That a copy of the foregoing resolution be transmitted to each of the Senators and Representatives of this State in Congress, requesting that they introduce a resolution in Congress calling for an Amendment to the Constitution as outlined above, it being expressly understood that whichever procedure first accomplishes the above purpose shall be controlling.

The resolution was read.

On motion of Senator Owen and by unanimous consent the resolution was considered immediately and was adopted.

Senate Resolution 552

Senator Fly offered the following resolution:

Whereas, The James W. Fannin Chapter of the Daughters of the Republic of Texas and the Indianola Cemetery Association have invited all Texans to the Fifth Indianola Pilgrimage; and

Whereas, The Indianola Pilgrimage will be held on Sunday, May 19, 1957, at the LaSalle Monument in Indianola, Texas, at which time an interesting and historically informative program will take place along with a delicious barbecue; and

Whereas, An invitation has been extended to the Senate to attend the Pilgrimage; now, therefore, be it

Resolved, That the Senate of the Fifty-fifth Legislature congratulates the James W. Fannin Chapter on its outstanding patriotic spirit and expresses its appreciation for the kind invitation to attend the Fifth Indianola Pilgrimage; and, be it further

Resolved, That an enrolled copy of this resolution be sent to the James W. Fannin Chapter of the Daughters of the Republic of Texas.

The resolution was read and was adopted.

(Senator Hardeman in the Chair.)

Senate Resolution 553

Senator Kazen offered the following resolution:

Whereas, We are honored today to have as visitors in the Senate District Judge and Mrs. E. D. Salinas and their son, E. D. Salinas, Jr. of Laredo; and

Whereas, We desire to welcome these distinguished visitors to the Capitol Building and Capital City; now, therefore, be it

House Bill 221 on Second Reading

The Presiding Officer laid before the Senate on its second reading and passage to third reading:

H. B. No. 221, A bill to be entitled "An Act providing more adequate means for Eligible Cities to prevent contamination of their water supplies and the water of the Trinity watershed, thus increasing the amount of water available for domestic and municipal use; to obtain more efficient and economical sewage transportation and disposal (including treatment), and to enable such cities to render adequate water and sewer service and to safeguard the public health; defining eligible cities as those situated wholly or partially within the boundaries of Trinity River Authority of Texas; authorizing such cities to make contracts with the Authority for performance of such services, and to make payments thereunder from the revenues of their waterworks or sanitary sewer systems, or both, prescribing alternative procedures for making such contracts, requiring an election in instances where the city's obligation to the Authority is payable wholly or partially from ad valorem taxes; prescribing further duties of eligible cities after making such contracts; requiring the Attorney General to

examine such contracts and prescribing the effect of his approval; ratifying contracts between the Authority and eligible cities, heretofore made; prescribing a severability clause; enacting other provisions related to the subject and declaring an emergency."

The bill was read second time.

Senator Hardeman offered the following committee amendment to the bill:

Amend House Bill 221 by striking out all below the enacting clause and substituting in lieu thereof the following:

Whereas, It is in the public interest that more adequate means be provided to cities for preventing contamination of their water supplies and the water within the boundaries of the Trinity River Authority of Texas, thereby greatly increasing the amount of water available for domestic and municipal use, and increasing the efficiency and economy of the treatment of water for municipal use and in the transportation, treatment and disposal of municipal sewage, thus enabling Eligible Cities, as defined herein, to render adequate water and sanitary sewer service for themselves and their inhabitants and to safeguard the public health, all as comprehended by this Act; and

Whereas, It is important that such cities be enabled to attain such services without the necessity of making capital investments in expensive transportation, treatment and disposal plant and equipment;

Section 1. Each city or town which is situated wholly or partly within the boundaries of Trinity River Authority of Texas, created by Chapter 518, Acts of the Regular Session of the 54th Legislature, and any amendments thereto, (hereinafter called the "Authority") is an "Eligible City" within the meaning of this Act.

Section 2. An Eligible City, pursuant to an ordinance passed by its governing body, is hereby authorized to make a contract with the Authority under which the Authority will make available to and provide for the Eligible City, sewage transportation and disposal (including treatment) services or any or all of such services, and when prescribed therein, provision for standby service. Such

contract may be upon such terms and for such period of time as the parties may agree, and may provide that it will remain in effect until the bonds issued by the Authority as mentioned therein and refunding bonds issued in lieu thereof, are paid. Such City shall have the right to the continued performance of such services after the amortization of the Authority's investment in such facilities during the useful life thereof, upon payment of charges reduced to take into consideration such amortization.

The revenues received by the Authority from the participating Eligible Cities shall be used only (1) for payment of principal of and interest on, and to provide reserves created for, the bonds to be issued by Authority to finance such transportation, disposal (including treatment) facilities, and (2) to pay the operation and maintenance expenses (including within the meaning of the term, legal, administrative and management supervision fees and expenses) in connection therewith; provided that such part of any surplus accumulated for the benefit of a participating Eligible City, as may be prescribed in contract between such city and the Authority, may be expended by the Authority for enlargements and betterments of Authority's facilities which are used to serve, especially, such city.

In consideration of payments made by an Eligible City under such contract, and the services performed by the Authority the Authority shall become the owner of sewage accepted by it for transportation and treatment and shall be solely responsible for the proper treatment and disposal of such sewage and the effluent, and no participating Eligible City shall be entitled to any rights in, nor shall it be liable for any improper treatment or disposal of, such sewage or effluent.

Section 3. Payments by such city to the Authority shall be made from the City's waterworks system or its sanitary sewer system or of both systems or of its combined water and sanitary sewer system, as prescribed in the contract between such city and the Authority, and shall constitute an operating expense of the system or systems whose revenues are thus pledged. Unless the alternative procedure prescribed in Section 4 is followed, neither the Authority nor the

holder of any bonds of the Authority shall have the right to demand payment of the city's obligation out of any funds raised or to be raised by taxation.

Section 4. (a) If an election is held and carried substantially according to the procedure prescribed in Chapter 1, Title 22 of the Revised Civil Statutes, as amended, in reference to the issuance of bonds by cities, determining that the governing body of the city is authorized to execute the proposed contract for sewage transportation and disposal (including treatment) or for any of such services, and to levy ad valorem taxes to pay such obligation to the Authority, whether or not the city's obligation is to be credited with application of certain revenues of such system or systems, the contract, in such an event, will constitute an obligation against the taxing power of such city, but may be payable both from taxes and such revenues, as may be prescribed in the contract.

(b) Only qualified electors of the city who own taxable property therein and who have duly rendered the same for taxation shall be entitled to vote at such election. Except as otherwise provided in this Section and in such Chapter 1, Title 22 of the Revised Civil Statutes as amended, the general election laws shall govern such election.

(c) If a majority of the votes cast at said election are in favor of the proposition the governing body shall pass an ordinance prescribing the form and substance of the contract, and directing the proper officers of the city to sign it.

Section 5. Whenever any such city shall have executed a contract with the Authority involving the performance of such duties by the Authority, if the payments thereunder are to be made either wholly or partly from the revenues of the City's waterworks system or sanitary sewer system or from both systems or a combination of both systems, the duty is hereby imposed on such city and it is hereby authorized to establish and maintain and from time to time to adjust the rates charged by the city for the services of such system or systems, to the end that the revenues therefrom will be sufficient at all times to pay: the expense of operating and maintaining such system in accordance with current standards

and requirements for preventing stream pollution; the city's obligations to Authority under such contract; and all of such city's obligations under and in connection with revenue bonds theretofore issued, or which may be issued thereafter for such system or systems. Any such city may charge the users of the system or systems whose revenues are to be used in paying the city's obligation under the contract rates sufficient to pay such obligation of the city. Any such contract may require the use of consulting engineers and financial experts to advise the city whether and when such service rates are to be adjusted.

Section 6. Any such contract between the Authority and such city may provide for services to be rendered concurrently by the Authority to more than one city through the construction and operation of a multiple city system or plant, the cost for such services to be allocated among the several cities as determined in such contract or group of contracts. It is expressly provided and recognized that all of the compensation to be received by, and all of the security pledged to the Authority by each such city and all such cities will be available to the Authority as security for the bonds it will issue to provide necessary construction funds. Any such contract, if to be used by the Authority, as security for Authority's bonds, issued to finance its plant and facilities, must be submitted by Authority to the Attorney General for examination, and when such bonds and contract have been approved by the Attorney General, such contract thereafter shall be incontestable.

Section 7. All contracts heretofore executed by and between Eligible Cities and the Authority, pursuant to ordinances passed respectively by the governing bodies thereof and pursuant to action of the Board of Directors of the Authority obligating the Authority to render service which includes transportation and disposal (including treatment) of sanitary sewage or any or all of such services, and obligating the city to pay for such services out of its waterworks system revenues or sanitary sewer system revenues or a combination of its water and sanitary sewer system revenues, are hereby validated. Any such contract for which a tax

was levied, when an election has been held resulting favorably to the execution of such contract, including the obligation to make payments from ad valorem taxes, is hereby validated.

Section 8. The provisions of this Act are severable. If any provision of this Act or the application thereof to any person or circumstance shall be held to be invalid or unconstitutional, the remainder of the Act and the application of such provision to other persons or circumstances shall not be affected thereby.

Section 9. The facts that immediate steps should be taken to prevent further pollution of the fresh water supply in the watershed of the Trinity River, and that within the area thereof in which the Trinity River Authority may operate under existing law, cities eligible hereunder should be enabled to obtain the benefits of central sewage transportation and disposal facilities (including treatment), or of any or all thereof, without making capital expenditures, create an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three several days in each House be suspended, and such rule is hereby suspended, and that this Act take effect and be in force from its passage, and it is so enacted.

"Section 9. The facts: (1) that it is in the public interest that more adequate means be provided to cities for preventing contamination of their water supplies and the water within the boundaries of the Authority, thus increasing the amount of usable water available for domestic and municipal use; (2) that this legislation will accomplish increased efficiency and economy in the treatment of water for municipal use and in the transportation, treatment and disposal of municipal sewage, thus enabling Eligible Cities, as defined herein, to render adequate water and sanitary sewer service for themselves and their inhabitants and to safeguard the public health; and (3) that all such advantages may be obtained by such Eligible Cities without making capital expenditures, create an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three several days in each House be suspended, and such rule is hereby suspended, and that this Act take effect and be in force from its passage, and it is so enacted.

The case shall be tried as provided by law for other civil cases, and either of the parties shall have the right of appeal; and, be it further

S. C. R. No. 92, Judicial review of administrative decisions of the Secretary of Labor of the United States under Title III of the Social Security Act and the Federal Unemployment Tax Act.

Whereas, The Secretary of Labor

of the United States is empowered under existing federal law to make administrative findings and render administrative decisions which can have the effect of denying to the unemployment taxpayers of a State their tax off-set credit against the Federal Unemployment Tax and the further effect of shutting off the administrative funds granted to a State for the operation of its unemployment system and its employment offices; and

Whereas, Such adverse finding with respect to a State's conformity with federal standards and compliance therewith could cost 68,000 Texas taxpayers a total of nearly \$100,000,000 a year, and could disrupt the administration of the State's Unemployment Compensation Act to the detriment of hundreds of thousands of workers; and

Whereas, There is no provision for judicial review of these vitally important decisions of the Secretary of Labor even though he himself announced in the press as early as August of 1955 his opinion that an administrative official should not have authority to make such vital decisions as he makes unless those decisions are subject to review by the courts, and even though last year he secured introduction in the Congress of legislation to provide limited judicial review of his decisions, which legislation never reached the committee-hearing stage; and

Whereas, The States of the United States, through their Interstate Conference of Employment Security Agencies, have, for many long years, sought and unanimously urged passage of federal legislation designed to afford judicial review of these conformity and compliance decisions of the Secretary of Labor, and have secured the introduction in the Senate of the United States of S. 1629, a bill which would provide such judicial review; now, therefore, be it

Resolved, By the Senate of the State of Texas, the House of Representatives concurring, that the Fifty-fifth Legislature of Texas endorse the principles of judicial review embodied in S. 1629 now pending in the Congress of the United States, and urge that Congress speedily enact legislation providing for such judicial review; and be it further

Resolved, That copies of this Resolution be sent to the President of the
